©2013 STEVENS MAGIC EMPORIUM
SME-B36 September 2013

Brand New From Buma!

House Of Magic Presents...

S-O-S

(Silent, Original, Suspension)

This is what keeps us passionate! This comprehensive gimmick is strategically engineered specifically for this effect. The amount of time, energy and research to develop such an amazing tool would easily cost 10 times the price. Trust us, this is innovation plus amazing engineering!

The performer borrows any paper bill (currency) from a spectator and holding both of its ends with his finger tips, freely displays it front and back. A spectator is then immediately asked to pick up a liquid filled glass and raise it to chest height for all to see. The performer then brings the left end of the now outstretched flat bill into the slightest momentary contact with the bottom of the liquid filled glass, at which time the spectator is told to release their hold on the glass. To everyone's immediate astonishment, the performer also releases his left hand's hold on the bill directly under the glass.

The liquid filled glass is now seen to be suspended on the very end of the bill, nothing collapses, nothing spills, nothing falls to the ground, all remains suspended in mid air, both the left end of the bill and the liquid filled glass upon it. Taking hold of the bill's left end, the performer now holds the bill flat between the finger tips of both hands and proceeds to instruct the spectator to lift the glass up and off the bill and to reposition it back down on the bills opposite end. Instantly a second aerial suspension is seen to occur, for the performer's right hand is no longer in contact with the bill, having fully released its hold on the bill.

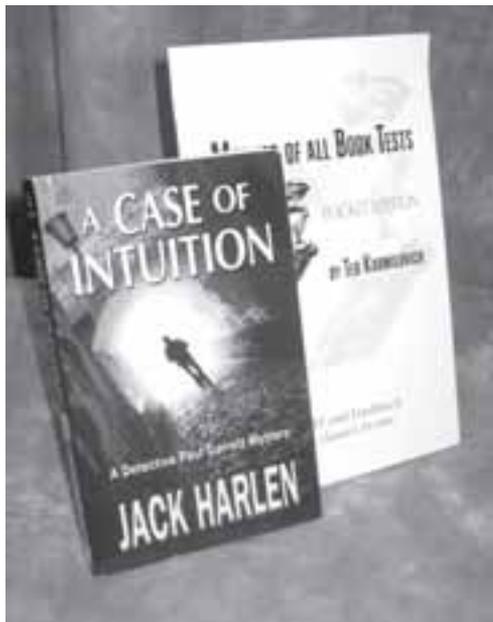

The liquid filled glass is now seen to be suspended on the right end of the bill. Once again nothing collapses, nothing spills, nothing falls to the floor, all remains suspended in mid air, both the right end of the bill and the liquid filled glass. Upon completion of this second aerial suspension the glass is immediately removed by the spectator from atop the outstretched bill, the borrowed bill is then returned to its owner.

Easy to master: Involves no sleeve work, may be performed shirtless. No threads, wires, magnets or mirrors involved. No mechanics, nothing to break, no parts to replace. Always ready to perform, fits in most pockets. All items are borrowed during presentation. May be instantly repeated.

Original Book Tests!

Paul Romhany's Diary Presage

Each Product is “Hand-Crafted”—this is “NOT” a mass produced product—if you get one you will have something that is truly unique! Finding products such as this is how you differentiate yourself! The fact that it’s hand-crafted, with a price to keep the “just curious away” is a benefit to you in and of itself. Of course, there would be “no” benefit if the product didn’t deliver, but deliver it does and will!

IMAGINE being able to perform at least EIGHT DIFFERENT routines from one book test! This is ideal for walk-around or the close-up environment where you can perform several different routines with one book. Carry this so you can perform miracles anytime, anywhere!

IMPORTANT POINTS: Diary is hard cover and filled inside to look hand-written with color inks and pencils—also room to add your own touches. BONUS Diary routine by Richard Webster. The audience can see each page DOES have a different color, words, proverbs, etc. Also comes complete with instructional DVD.

Sample Effects: Lottery Prediction, Color Reading, Proverb Prediction, Name any word, Acaan and lots more, see website!

Richard Webster's Great For Two Book Test

Synopsis: A husband and wife are invited up from the audience. The husband is given a dictionary to hold, and the wife a novel. The husband opens the dictionary and calls out the page number. His wife opens her novel at that page and tries to transmit the first word to her husband. He fails to pick up her thought. After three attempts, the mentalist asks the wife to tell her husband the word. He looks it up in the dictionary and finds the page is missing. The mentalist removes the missing page from his pocket and shows that it’s the missing page. Amazingly, the word that the wife was concentrating on is circled.

You are provided with a 476-page dictionary, which can be used as a normal dictionary. You also get the hilarious routine that has been perfected over hundreds of performances. **You provide your own novel.** A good product has to entertain, but this one also interacts as well.

Brand New—Louie Gaynor

Double-Locked Mystery Chest

A Tribute To Roy Roth! An original mechanical marvel credited to the late great Roy Roth—updated and improved by master craftsman **Louie Gaynor**. This is an item I fell in love with because it has so many performance possibilities, and the mechanics were genius. For the sake brevity of we will provide you with one sample routine (although there are many others you could do).

Performer asks for a coin from an audience member. Before taking it, he hands them a Sharpie to sign their initials (or a mark) on the coin. That coin is then placed inside a small wooden box which is shook to confirm the coin is truly inside.

The small box that houses the coin is placed on a small table and the performer points to another table that has a felt or cloth bag on its top. The performer opens up the bag and pulls out a beautiful wooden treasure box. The box is locked, but also tied up with strings. The performer unties the strings and then hands the spectator a key to open up the locked box. Upon doing so, there is another smaller treasure box inside, which is also locked and has strings protruding from each end. The smaller box is also removed and unlocked by a spectator and when it is opened, inside is the signed quarter, which is confirmed to be the exact coin by the spectator.

Truly this prop will impress you in every way, with respect to the mechanics, and the quality craftsmanship. We sent units to people who are authorities on apparatus and/or mentalism—all agreed it's a superior piece and wanted it for their personal collection. There are many other routines possible, using billets and nail writers.

Exceptionally easy-to-perform, which means this is an item you will USE! There is no duplication, the item that ends up in the box is “exactly” the same item. Made out of Red Mahogany. Each unit is stamped LUE for Louie Gaynor

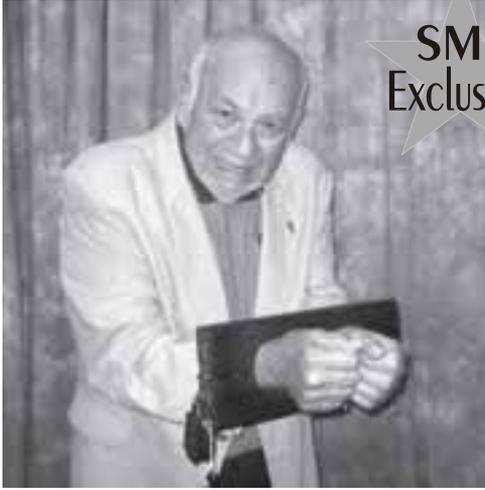

Note: To perform the above routine requires a rattle box, which is not included in this set, but available also at Stevens Magic

Special Thanks to: Scryer, Bill Trotter, Andy Martin, Barry Block and Bill Kahn

Olde English Wrist Stocks

Now You Can Be A Houdini!

People still like escape effects! You have one here that is quick and easy to perform! A fast and sensational escape illusion! Great for stage or parlor!

Stevens Magic doesn't often offer escape effects, but when one comes along that could be strong for audiences, we produce it right away!

Here's how it goes... Performer asks for assistance of one or two spectators. The stocks are examined and a colorful story is told about these inescapable restraints. (Even Houdini had trouble escaping from these simple stocks?)

Placed on a spectator, there is no way they can get out of them, without the simple secret! Then the performer is locked into the stocks that are ominous looking. The un-gaffed antique looking four lever English padlocks are placed and closed on the performer's wrists!

The artist's confined arms are now hidden from view for just a moment by either a screen, 6-inch silk or even a 36-inch silk and the performer walks free displaying the still locked restraints in his hands!

Built by master craftsman, **Louie Gaynor**, this clever ideas was gleaned from a set of **Thayer "Stocks of Solomon"** made years ago, and is a limited edition sure to please any audience. Built from textured lightweight Redwood. Sturdy and built to last. No reset, always ready to go.

Classic From Louie Gaynor

Psychic Tipping-Ouija Table

For Mentalist-Psychics-
Magicians

A beautifully constructed special table out of select hardwoods!

Imagine a small group of spectators clustered around a 12 sided table top. Spectators are instructed to place their fingertips on the table top with little fingers touching the adjacent spectators little fingers. The magician-psychic informs them to concentrate on a question as he invokes the spirits from the great beyond to give a sign-answer to the question!

Can the spirits actually return? Slowly, the table begins to move, up and tips! Have the ethereal spirits made their presence know? **The tips answer the question with “one tip for yes and two tips for no”!** The magician-psychic does NOT control the table

The principle of the table tipping is accomplished by the famous findings of William Benjamin Carpenter, who coined the term **“IDEOMOTOR ACTION”** to explain such phenomena. **IDEOMOTOR ACTIONS ARE UNCONSCIOUS, involuntary motor movements performed by people because of prior expectations, suggestions or preconceptions! It is a psychological subconscious action! (Like the swinging pendulum effect).**

Louie Gaynor’s Psychic Tipping Table makes this performance easy as it is specially designed for the tipping! The spectators themselves are the ones who cause the table to tilt up and down! Can also be used with the **Ouija Planchette**, (that comes with it) for Ouija board performances. A great effect for stage, parlor, family room performances.

Comes complete with carrying case and detailed instructions.

Louie Gaynor's Genii Tube

Available Again—Limited Quantities

The **Genii Tube** is a product that magically makes silks and streamers appear from an empty box. It's the perfect parlor and stage effect and this unit features a larger double load capacity. Superb for children's shows and stage venues!

Improved Mechanics: One thing we particularly like was the fact Louie got rid of the often times bulky and ugly clasps that are used to lock the tube tight and replaced them by imbedded magnets which give this a stronger hold and a more streamlined, pleasing look. **Dimensions of item—stands 12-inches tall and is 4-inches wide.**

The photo in this catalog simply doesn't do it justice, therefore we strongly encourage you to visit our website to see the item in "living color".

Improved Salt Pour

SME
Exclusive!

Finally, one of the most perfect **Salt Pour Gimmicks** ever made and we feel that this one is one of the best and priced absolutely right!

You know the effect...Magician pours salt into his empty hand and then throws the salt up into the air and it has vanished! Viola! He supposedly catches the vanished salt in his other hand, closes the hand and begins to pour and pour and pour and pour until the hand is now empty and the magician is clean. Where did the salt go? How did he catch it again? This is a pour that is long enough, but not boring and gives the performer the opportunity to use theatrics during the effect.

The gimmick is 100% brass, has a smaller diameter, taller neck for a longer pour and a wider, thicker stream, two coats of flesh-colored paint, acrylic finish. **Made in the USA.** This is an excellent stage or platform effect. A professional prop for professional performers! **See website for demonstration of this fantastic effect.**

Viking Magic Available Again

Menta Card Box Plus

A spectator shuffles an **unprepared** deck of cards which is placed by him, face down in a walnut box just large enough to hold it.

The box is closed and held by the spectator. The performer, standing several feet away names the uppermost card in the box. Box is opened by the spectator and the prediction verified by showing the card to all! The performer now repeats the feat with several more cards, all predictions are 100% correct!

Points To Remember: a genuine ungimmicked deck is used, spectator shuffles the cards, no physical forcing or prompting by the performer, no peeks and no questions asked.

Self contained, supplied with all props including Bicycle Deck. Made in typical Viking quality, complete with several other outstanding routines.

\$73

Chronologue

Listen to this... Have the spectator think of any date in the year (his birth date would be great). Toss him your little pocket calendar; *“Open the calendar to your selected date, and as you do, note that I have hand written a different card in every day of the year; 365 days, seven decks of cards spread at random—check it out. Do you have your date? If you had chosen the date before, would it have been the same card? No? What about the date after? No? For the first time, then, what card is written on your date?”*

The spectator names the card. The performer then removes an envelope from the same calendar held by the spectator and upon opening it, reveals one card and one card only... and it is the same card as named by the spectator! This is a diabolically clever effect and, more importantly, sufficiently strong to guarantee a lasting impression. It's always ready.

BONUS: We are now including three great additional routines. You get a great effect and handling by Richard Osterlind and by Richard Gerlitz and a variation by Andy Martin. All this plus Cassidy's original instructions.

NEW EDITION: You get all the above, plus you can now divine a chosen date and card selection in a new and novel way due to the new printing method employed in this updated version of **Chronologue**.

Lid replaced and box shaken. Lid is removed and box inverted; instead of milk pouring out a beautiful 18-inch silk spills forth. Silk tucked back into box; box shaken and contents tipped out. Silk has changed into a large white die!

Many ideas will present themselves to you once you own this quality product. Hand fashioned from top acrylic. **Die measures almost 4-inches square.** Use your own silk, liquid and confetti. **You will like performing this unique effect.**

Nu Way Watch Box

Max Suko is a classic performer who has a keen mind when it comes to tweaking standard effects. His **Nu Way Watch Box** is an excellent example of our-of-the-box thinking!

The box has no secret openings, no trap doors, no magnets, nothing that will lead a spectator onto the clever secret. Nothing is added or taken away. Yet, a borrowed watch, ring, wallet can be vanished and somehow produced from within the LOCKED chest.

The chest lid is secured by a flat brass plate which is further locked by a small padlock. After the spectator's watch is vanished, the chest is brought forward and it is clearly seen that the chest is locked by virtue of the brass plate and lock.

The lock and brass plate are removed and the spectator is allowed to remove the lid only to find his missing item. Clever new method. Chest made of select walnut hardwood, a plush velvet cushion lines the bottom of the chest; a brass locking plate and brass lock. Complete detailed instructions. Box measures 5.5 x 5.5 x 5.25-inches.

U-235

The performer talks about early testing implements used in the 50's to test uranium and molecular fusion, etc. The apparatus you see before you was one of the first attempts at atomic restructuring. Very few people have ever seen this demonstrated. Watch closely as you won't believe your eyes. Note this solid piece of 1/4-inch plate glass and two aluminum reactor cylinders. We will sandwich the solid glass between the two cylinders and we will use this solid steel ball to demonstrate the properties discovered long ago. Watch and listen as you hear the solid steel ball make contact with the solid glass sheet then a second later the ball is seen and heard crashing down through the glass onto the plate below. **This is an exact replica of the original Thayer unit.** A treasure for any collector, yet you will be demonstrating this unique effect moments after receiving it. Limited quantities have been made at this time so don't delay.

Perfect Time

"This is quite possibly the most remarkable Prediction Watch ever invented." (Orson Welles) ...and the foundation of the original CW line.

The performer removes his wrist watch and asks a spectator to examine it. It is a fully functioning quality quartz watch. The spectator is allowed to set the hands at any time he/she wishes, etc. Finally, the performer states that he will make an impossible prediction. Retrieving the watch, the performer sets the hands of his watch at a particular time. He holds the watch by the band,

away from his body as he asks for two more volunteers. Each person is asked to create a specific time by mentally thinking of the numbers on the face of a clock. One person thinks of the hour and the other two people each think of a number that will collectively become the minutes. Let us assume that the first spectator thinks of 10 (i.e. 10:00) and the other two spectators create the minutes, i.e. 22. The time created is then, 10:22. The performer hands the watch to one of the spectators and he reads the time... 10:22 which had been set by the performer before any numbers were given!

There is absolutely no force. Any time can be predicted. The effect can be immediately repeated. You can absolutely predict the exact time with no fumbling, no tipping of the watch, no funny moves, etc. Our system allows you to arrive at the chosen time with complete confidence and speed. **Note: Mild variance in Watch Face Color and Style, unit you get may not match exactly as photo shown.**

\$330

Burmese Bells

Five antique bells are suspended on different lengths of cord from a clear Lucite tube. The performer holds the tube at arm's length and asks a spectator to choose one of the bells. On command, the bell begins to swing. At first, ever so slightly, and then it picks up momentum until it is swinging wildly. The spectator is asked to make another choice, and upon doing so, the first bell returns to its previous state of quiescence while the second begins to swing.

No forces, no sleights, no threads and everything can be immediately examined. Can be used to locate a selected card. Great for metaphysical and spirit routines or just plain fun. One of the most unusual effects you'll ever perform. Comes with complete routine plus some great ideas. This one really makes them scratch their heads!

Unique & Different

Cinema Vérité

They think of a film and read the same list of titles. **You know which film someone is thinking of every time!** Do

it 10 times with 10 different spectators in all different parts of the room. Everyone reads the same list of film titles. **You always know who is thinking of which film.**

An amazing secret, so easy you will be doing it in minutes. **No crib sheets. Nothing to memorize. Nothing extra to carry.** Use just the 32 postcards. Extra-thick, heavy stock, full color, glossy varnish, rounded corners. Julien Labigne's Gambler

Are you looking for a original mentalism routine you can really add to your repertoire? **Gambler** is the one you need...Easy to do. Great impact. No complicated gimmick, just a great principle that allows you to create a strong piece of mentalism—anytime, anywhere!

You introduce a box containing several gambling items like a die, two chips and a deck of 52 playing cards. First, the spectator has to make a choice between the two chips—500 or 1,000... One he gives you, one he keeps for him. Then, the spectator chooses a number on the die—ANY number. The die is perfectly genuine, and the spectator really chooses the number he wants. Finally, you show all the cards and put them—one by one face down on the table. The spectator stops you when he wants—One choice out of two, One choice out of six, One choice out of 52. **That makes 624 possibilities to get the right combination.** You reveal your prediction, it matches perfectly with the spectator!

Comes complete with instructional DVD, all props needed (a die, two chips and a real dollar bill) and a special deck of Bicycle cards specially designed for the routine.

Reveal

Reveal is a clipboard that is specially gaffed yet undetectable even when the spectator is holding it. ABSOLUTELY NO ELECTRONICS are used. You just ask someone to draw or write something on a piece of paper. You get it, all at once, without ANY strange movements. The drawing can be isolated in an envelope or bag, yet you still are privy to what was written.

The best compliment we can give “**Reveal**” is this—it’s real world stuff. A leading mentalist created it for his show and it can be done UNDER FIRE. It is impossible for it to break or wear-out. It’s something you will use in your show...forever. **You get the gimmicked clipboard, marker, envelope, DVD and attractive storage box.** Another great modern clipboard gimmick that is easy-to-use and to perform.

Alpha Spinning Nickels

These **Alpha Spinning Nickels** will pay for your beer and other drinks for years to come! Nickels are great—because you can easily palm “both” gimmicked version in one hand, and wait for the mark to call out “Heads” or “Tails” and then come out with the right coin (depending on the advantage you want)! The quality is exceptional!

The **Alpha Spinning Nickels** are set of two matched date US nickels—one will only spin heads and the other will spin tails. The coins are not double-sided like the other gaffed head-tail coins. So they will pass normal examination. The gaff is very hard to detect even when you know how it works. If these coins are placed with other coins of the same type on a table it is difficult to tell which is gaffed and which is not. These special coins made from real modern coins. Comes with basic instructions for use and the instructions include some tips on how to identify these coins should you get them mixed up in your pocket change.

Warning: These coins are extremely normal looking and easy to spend in a soda, snack machine or over the counter. Please be careful when carrying them in your pocket. **This is one item that every magician should have!**
