Update From Joe

Domestic Shipping

Table Rates effective May 6th, 2014. In an effort to combat ever increasing shipping costs—while still striving to offer reasonable rates—we have implemented the below table. By doing so SME will often continue subsidizing some of the shipping costs and surcharges, to minimize your costs.

Up to \$49.99 - **\$5.00** (minimum ship charge)
\$50 - \$99.99 - **\$7.50** (minimum ship charge)
\$100 - \$199.99 - **\$10.00** (minimum ship charge)
\$200 and up - **\$12.50** (minimum ship charge)

Important Note: The above charges will apply on the majority of orders. SME reserves the right to choose the method of shipment on table rates. Important: there are some products due to their dimensions and weights, (including but not limited to), larger props and illusions, where additional shipping costs will be required. In such cases, we will notify you post purchase. This is why the phrase “**minimum ship charge**” is included in the above tiers.

Expedited Shipping Options: If you wish to expedite your order there will be a competitive upgrade charge depending on the service you select - however - that amount will **NOT** be listed on the check out page. We will notify you of the cost for your selected service **after** you have placed your order for the products.

Press Release: Stevens Magic Emporium announces two awards.

The Award for Mentalism is titled: **The Annemann Award**. The Award for Magic is titled: **The Robert-Houdin Award**. We named the awards after two individuals of who’s legacies are of the highest order. Each award is constructed from 8 pounds of optic clear crystal. The initial inductees for 2013-2014 Annemann Award are: **Docc Hilford, Jon Stetson, Ted Karmilovich, Neal Scryer, Richard Webster and Jerome Finley**. The initial inductee for the 2014 Robert Houdin Award is **Paul Romhany (The Hardest Working Man In Magic)**.

Joe has always believed that recognition from one’s peers is one of the highest honors imaginable. Joe has been fortunate in his career in magic to have both received and even better, to have presented many awards during his years at the helm of The Desert Magic Seminars. The idea of being able to introduce these two awards greatly appealed to him. And when you look at any one of these recipients there is a lot of support and substantiation for such recognition. These are the visionaries who continue to shape; mold and drive the art we love. We hope that they will be pleased with this award and that it might serve as an incentive for them to continue to create and be inspirational. These awards will be presented annually. Look for more luminaries to be announced in 2015!

George Ledo Presents...

Okito's Bewitched Blocks Redux

A charming effect from the early part of the 20th Century, published in Okito's Quality Magic and later in Okito On Magic. George Ledo has recreated it in a Victorian/traditional style, solved some of the problems in the original descriptions, and produced an effect you'll be proud to present.

The performer shows a beautiful wood display stand holding a long, narrow box, a few small envelopes, and a pen. Nearby is a tray holding twenty-six alphabet blocks, which are casually shown to be at random. A spectator freely selects an eight-letter word from a list of over a hundred and writes it down on a card. The card is sealed in an opaque envelope which is then initialed by the spectator, and placed on the display stand in full view of the audience.

The performer now places eight alphabet blocks in the box, showing that they are at random. The box is placed on the stand, the envelope is opened to reveal the word, and the box is opened to show that the blocks now spell the selected word.

The stand is finished in a deep cherry stain with brass feet and has an integral envelope holder and pen slot. The box and tray are finished in a matching stain. You also receive twenty-six alphabet blocks, a starter batch of envelopes and cards, and comprehensive illustrated instructions including two different methods. You provide a nice pen. Like many effects from a previous era, this one will require some setup and preparation, but the instructions walk you through every step. We have also included a suggested presentation by respected magician/author Walt Anthony.

**Only 12 of these will be made,
and each is signed and
numbered.**

ProLine Magic Presents...

Cliff Wiggs' Magic Pro Hoop Levitation Hoop

Stevens Magic is proud to be the exclusive distributor of this item!

From the masters workshop at Proline Magic—the makers of some of the most sought after effects in magic now comes **Magic**

Pro Hoop. While ad copy and images alone won't do it justice, we will do our best but you really need to see it to fully appreciate the quality.

Truthfully it could sell for a lot more and people have paid a lot more for similar items that were no where near this quality.

- This gleaming polished aluminum hoop is lightweight and is easy to handle and use.
- This hoop looks solid and can be opened with one hand.
- It may also be spun around on one hand in the "open" position without revealing the gaff.
- Simple to close and will stay closed. Very secure locking mechanism.
- Not too big and not too small. (28 inches in diameter), 3/4-inch aluminum tubing.
- The other measurement you will want to know is min. 2 1/4-inch gap.
- Can be used for any stage or platform levitation effect.

Truthfully even our own Tech1—Shawn Reida stated, "*I don't know how it did it—I mean it's a perfect circle and it's flawless.*"

Never before have working pro's had the opportunity to get something some remarkably well constructed at such a great price. This is high quality and dependable magic... You will see the great value once you hold it in your hands.

Mystical Mental Miracle

J.C. Moore Presents... **Illumini Spirit Light**

When we saw this beautifully hand crafted item, we had to try to bring it into our exclusive line.... We're very happy to have done so! **Please note these units are custom made in batches of 3 units. Therefore, fulfillment can take up to 4-6 weeks.**

From J.C. Moore's...Some years ago, a somewhat weathered black wooden box came to be in my possession. The box contained a number of books, journals, and items of curiosity. Though I cannot say for certain who the original owner of the box was, or who its contents may have belonged to, I do have my suspicions. Some of the items contained within were in better condition than others. One can't help but wonder what journeys this box or its contents must have had before coming into my hands. Among the books, found folded and tucked away, were several loose

pages containing information regarding exotic woods from the far reaches of Africa, and visits with Shaman, Spirits, and etheric energy. Along with these pages, there was a plan for a device indicating that said device might somehow react to influences from the other side...the "Spirit World."

From these pages, the **Illumini Spirit Light** was carefully hand-crafted. No expense or detail was spared. **The end result: an etheric energy-detecting device that is incredibly sensitive to unseen electrical fluctuations.** Created using the materials described with precise measurements as calculated, it is not only a wonderful device for use, but also beautiful to simply behold, with the stylings of early scientific equipment that combine artistry with function.

House Of Magic Presents...

Buma's King Tut Tut

A New Version Of A Classic Golden Oldie from The Past If You Are A Student Of Magic, You'll Remember This Little Gem!

Yes, the classic effects continue to be the best, only BUMA could make one of the best even BETTER !

Performer introduces the classic plastic sarcophagus and mummy from the quintessential Magnetic

KING TUT Trick. Performer proceeds to ask the spectators, ***“do you remember this from your childhood and what made it work, well let me show you”***. With his thumb positioned to prevent KING TUT from falling out of the sarcophagus the performer proceeds to nonchalantly tap the head of the sarcophagus against the heel of his palm as he explains: ***“this causes the magnet concealed within the sarcophagus to shift, allowing the magnet concealed inside KING TUT to repel the sarcophagus’ magnet”***. The performer now discreetly releases his hold on KING TUT allowing it to jump out of the sarcophagus, the performer then replaces King Tut back into the sarcophagus and nonchalantly taps the foot of the sarcophagus which creates the illusion of KING TUT once again resting peacefully within the sarcophagus.

The performer now encourages one of the spectators to try their hand at KING TUT—But no matter how many times the spectator taps the head or the foot of the sarcophagus they can't make KING TUT jump out of the sarcophagus, yet every time the performer tries he's able again to make KING TUT jump out of the sarcophagus.

Finally the performer once again places KING TUT into the sarcophagus, only this time he inverts it placing the now inverted sarcophagus and it's contained KING TUT on the spectator's outstretched palm, upside down, only now when they lift it up do they see that KING TUT has vanished as the sarcophagus is seen to be empty, only the loose sarcophagus floor remains laying loosely on the spectators out stretched palm, but wait, when they look inside the empty sarcophagus it contains no magnet, none at all, it never did!

Yes, you have performed KING TUT TUT without any magnet ever being within the sarcophagus! And on top of that, KING TUT the mummy has completely vanished! **Color of delivered King Tut will vary** in keeping with the authenticity of the original King Tut Magic Trick as introduced to the magic community in the 1940's **This is micro magic as it's best!**

House Of Magic...

Buma's Triple Haunted Skeleton Key

A Skeleton Key unlike any other comes to life in the spectator's hand! Its movement is under your complete control!

Not only will its motion announce its coming to life, have it answer questions like a rapping board, lean it against a glass for a telekinetic timber effect, choreograph its movement for your own personal customized routine.

You may also perform the classic haunted key where the Skeleton Key eerily turns itself in the palm of your hand, simply master the balance point of the Skeleton Key. And yet, at no time before, during or after the performance, is there ever any physical connection between the Skeleton

key and you the performer. Totally examinable at all times. Impromptu, no set up, always ready for performance. Why Triple?

(1) Buma's stunning hand sculptured anatomical 3D Skeleton Key for the classic Haunted Key effect.

(2) Buma's original hand sculptured anatomical Skeleton Key is secretly gaffed, that's right covertly embedded in the Skeleton's head is a neodymium magnet, specially chosen of its properties which allow it to be responsive to steel and magnets.

(3) The Buma gimmick, a hand cast pair of connected false fingers that contains **six powerful individually embedded neodymium magnets**, three embedded in each finger, allowing for your complete covert customized control over the Skeleton Key.

The Buma gimmick will prove to be an outstanding stand alone prop in your arsenal of covert magic effects, allow it to work for you by bringing it into play in your routined presentations that call for shim coins, PK effects, shim cards, etc., any where you need covert movement and control of a magnetic reactive item. All hand Crafted by BUMA, all original to magic, all available from Stevens Magic Emporium.

5 Of Hearts Presents...

Bish Bash Bosh

Do you love “Smash and Stab” but are too scared to do it, or do you need family friendly effects for your repertoire? Then “BISH BASH BOSH” is for you...

The 4 wooden plinths are shown, one of which holds an egg inside the egg cup. Four upturned polystyrene cups are then used to cover the plinths. A spectator mixes up the cups and plinths while the magician’s back is turned, so that no one knows where the egg is. Then, by using the special numbered cards the spectator or magician, proceed to BISH, BASH and BOSH the cups with the mallet. Miraculously, a potentially messy outcome is avoided and the magician lifts the last cup to reveal the egg!

You are supplied with the following: 4 round wooden plinths, one of which is mounted with an egg cup. A wooden mallet. A “BISH BASH BOSH” sign and wooden plinth to display and hold the sign. 4 cards numbered 1-4. Supply of polystyrene cups to get you started (these are available from supermarkets, cash and carries and can also be sourced via the internet). ***Plus additional Routine Ideas from Wayne Dobson & John Palfreyman.**

Miracle Flash Frame

This is a large picture frame that is even designed to hang on a wall. The playing card or picture of your choice can be made to appear without touching the frame! For example... a spectator chooses a card and returns it to the deck. He is then asked to call out the name of his chosen card. At that very moment, you “spring” the cards at the frame—and there, behind the glass, is the chosen card! The action of the cards hitting the frame sets off the mechanism. It also works very effectively if you just “blow” at the frame.

This effect has many applications for magic presentations—mentalism, close-up, hotels, restaurants, residences, stage or cabaret. The possibilities are endless.

Please Note: Frame mouldings will change from time to time and are subject to availability. Our current moulding is black with gold trim, see photo. (Approximately 12.2-inches x 10.2-inches or 31 cm x 26 cm).

5 Of Hearts Presents...

Colin Rose's Billet Knife

One of the most astounding presentations in a magic performance is The Prediction...particularly if you have

made this long before your Show begins. Predict any event, choose the winner of the next derby, football match or national headline...the possibilities with this piece of magic artistry are limitless...it has proven to be a real 'reputation builder'. Use this to secretly 'load' a large billet, money note into a sealed envelope in a completely natural way, without any sleight-of-hand or fumbling.

Once again, Colin has taken a 'Classic of Magic' and applied his expertise and craftsmanship to give you a beautiful hard wood knife that looks perfectly normal...it has been made to look like a quite ordinary letter opener, made entirely of hard wood with all the finish and attention to detail you have come to expect from Five of Hearts Magic. The mechanism is discreet with a smooth and easy action, soft bevelled edges for comfortable handling—allowing you to focus completely on your performance in the knowledge that this 'prop' won't let you down. This edition is presented in our signature Corduroy Bag.

\$125

Wayne Dobson's Box Clever

The trick 'Second Spot' by the late Maurice Fogel was—and still is a superb effect! It was Patrick Page who suggested that this would work very well by using wooden boxes rather than the original bags. The beauty of this is that the method or effect has not been changed, but

aesthetically the trick has been elevated to a more sophisticated presentation. This effect is very simple in it's method, (the best tricks usually are!) Presented correctly this is one of the most powerful tricks ever invented!

Four beautifully 'hand turned' identical boxes which conceal the secret, allowing you to tell four members of your audience what they have just placed inside! Can be used very effectively in most performance venues. This great 'classic' comes with detailed presentation and routine notes by Wayne Dobson.

Note: Because these are not mass produced items and are hand made these items are available in "limited" quantities. The type of wood is subject to change bases on availability at the time of production and inventory on hand. First come first served.

Dr. Paul & Bill Montana

left palm, duplicates of the ones on that were just drawn and erased a few moments before.

Only eight of this professional deluxe version were produced and only eight of this version will ever exist. **Joe Berg's Double Cross** the deluxe version was crafted in the workshops of Dr. Paul and Bill Montana under the authorization of Stevens Magic Emporium the current rights holder to the effects featured in, *The Berg Book* (Joe Berg). This version features an solid oak boarder and a green felt back which allow this object to be used as a small close up pad for certain effect when the board is turned over. The over all size is approximately 11 x 14-inches and built to last a lifetime under normal use. Comes with care instructions and has a hand rubbed shellac finish.

Joe Berg's Double Cross

Performer calls attention to his upturned left hand. He then wipes his left hand off a bit with his right hand to call attention that there is nothing on it. The board is then brought forth and is shown on both sides and given to a spectator to hold on to for a moment. At this time the spectator may take a closer look at the board he or she is now holding. After this examination of the board is finished the spectator is asked to place the board on top of the performer's upturned left hand. In the center of the boards top side the performer draws two crosses with chalk about one half inch apart. He then rubs out the two crosses he just drew with the right index finger. Upon removing the board, two chalk crosses appear on the performer's

Rabbit Duck Illusion

This version of the **Rabbit Duck Illusion** was created in wood and was specially designed to fit in your shirt pocket and can be used close-up or in walk around. Made to last for a life time of use. Comes with two routines and additional historical information about this wonderful illusion. Each comes signed and numbered instructions.

Yorick's Skull

Yorick's Skull is based off a very old optical illusion and created for the first time in wood that has been engraved. The main difference with this versus other paper version is that when this afterimage appears it is a but more muted in its color and looks even creepier. The whole key to the effect is to have someone look at this wood board while staring at the x in Yorick left eye socket under good bright light source.

Little Fortune Teller

Using this apparatus is so simple just place it on the table with the meaning booklet, and the engraved wooden sign or laminated paper board you can make from the page included after these instructions and allow people to place a single finger on any number of the board without looking. Then all they need to do is look up the meaning of that number.

You will also want to take the meanings for each number and create a little flip book so

the passers by your table can look up the answer to there question. Never underestimate the power of this item as it has gotten my many of sitters just by starting a simple conversation about how this little gem is used.

You will receive an custom beautifully engraved wood board, Answer booklet and complete instructions that contain other useful information. Stevens Magic has additional files should you need to reprint your answer booklet. Best of all this **Little Fortune Teller** packs small and plays very big. Which is not too shabby for a complete fortune telling system where in all the work is done for you.

Mental Miracles

Mental Power

A spectator/spectators can select one Sharpie from a wooden stand. Your back is turned as they do this, one at a time. All Sharpies are placed back into the stand, where they stand erect.

Performer tells the spectators that they are to draw a stick figure, man or woman, and he or she will tell them to pick a part of the figure to draw; (This is done on a pad of paper.)

Example; One draws the head. One

draws the body. One draws the feet and one can draw the arms or hair of the figure in color. These are colored with the colored Sharpies—Black, Green, Red and Blue! This is done with the performer's back turned. Each spectator chooses without the performer's knowledge of which color they want to use. (Not repeating a color that has already been used)! They announce to the performer when they are finished with their drawings. Performer turns around and entertainingly **WITHOUT SEEING THE NOTE PAD** and tells them the **EXACT** color that they have used to color the body, or whatever routine you want to be used in the coloring. A rainbow, Star, Zodiac, etc.

Several other routines are included. Very entertaining as you get good audience involvement with this effect! Simple to perform! Easy to do! Clever principle!

Dominique Duvivier's The Clear Jacket

This accessory will allow you to incorporate one of the signature effects from master magician Dominique Duvivier! You may already be familiar with his "Signed Card To Pocket!" This is a brilliant visual transposition and now using the special transparent jacket, you can perform this effect where all cards are signed, no palming is required and no duplicates are utilized.

A spectator is handed four Aces and four eights, and is asked to examine the cards, he does so and then the magician asks four members to sign the four aces and four eights—thus all cards are signed. The magician then puts the aces in different pockets in the clear jacket, and the four eights are on the table. Keep in mind the cards can be seen at all times, even when placed inside the transparent jacket. With a simple gesture, the cards have transposed! On the table is now the Aces, and **The Clear Jacket**—you will find the eights! **More details available on our website!**

John Cornelius' Thought Transmitter Pro

The **Thought Transmitter Pro** is unique because it does virtually what no other "Peek" wallet in the world does. A spectator writes down a word, a card, or draws something on the back of his business card. The card is then placed between two opaque cards in an opaque wallet. There is no way to see inside of the wallet. In fact if you wanted to, you could put rubber bands around the wallet, and drop it in a clear zip lock

bag to prevent manipulation. Wallet can be freely handled. Now at any time, without opening the wallet, the magician is able to divine in an instant, the written thought. With the new **Thought Transmitter Pro** you are able to carry credit cards, drivers license, money etc. inside the wallet, and you can replace any necessary items when required.

Great Magic From UGM

Super Rainbow Rope Routine

Another great item from our friends at UGM. Always made of high quality materials and fascinatingly creative magic.

Magician has three ropes in his hand (red, blue and yellow). He makes a loop with each rope and throws them into the air. When they come back to his hands, the three ropes magically transform into one big loop.

The loop is then put into a bag, and then a red, blue and yellow silks are put into the bag as well. He takes the yellow silk from the bag, lets it go, and the silk jumps back into the bag... the bag is then opened right away. Amazingly, the silks appear on the loop. Then he unties the knot of the loop. When he blows on the silks, they come off the rope and fall to the floor. Finally for the climax, the tied three ropes change to a three-colored rope.

Comes complete with ropes, silks, a special bag, a wand and the instructional DVD. **Exceptionally detailed instructions with diagrams and text—custom created for Stevens Magic by Kevin Dick - Double Play Magic!**

Kikuchi's Psychic Bending Spoons

A spoon is passed out for examination and spectators are asked to try to bend the spoon. Of course, they cannot without exerting much pressure and energy. The psychic takes the spoon in his hands and “viola”, the spoon is bent and passed out immediately! Spectators cannot bend the spoon back to its original position so they hand it back to the psychic, he then bends the spoon back to its original position. No switching! No gimmick spoon!

Comes complete with spoons and an instructional DVD of performance and explanations. Sweet and simple, what could be better!

Exclusives By UGM

Hexagon Crystal Tube

There are several effects you can do with the quality gimmick, here are just a few...

The magician holds a clear tube, which has a red silk inside, the magi removes the red silk from the tube, showing it to be a regular silk and then using a magic wand inserts the silk back into the tube. What happens next is easily seen inside the tube, but even better removing all doubt—the performer removes the now blue silk showing the tube is completely empty!

The Magician produces a red silk and inserts it into the tube positioning it at the very end of the tube. He repeats this with a yellow, green and finally a blue silk—at which point all four colored silks can be viewed clearly through the translucent tube. After a magical pass the magi removes the silks only they have now all merged into “one silk” which features all the individual colors in a circular style.

By purchasing the **Perfect Mirror Glass II**, you can do this effect...Imagine showing an empty glass, and an empty tube. The magic puts the red silk inside the tube and as this command the silk visually transforms from the clear tube into the previously empty glass. Keep in mind, the audience visually sees this transformation and its under the magician's control at all times! This is the perfect combination of amazing magic that will make you look like a master.

Perfect Mirror Glass II

Forget about everything you have ever thought about “Mirror Glasses,” as this uses a completely different gimmick that is awesome! The magician produces an empty glass (glass measures 5-inches tall and 3.25-inches wide), and holds it in his hand—away from his body. On the count of three, and without TURNING or MOVING the glass in ANY WAY—a silk immediately appears inside the glass!

That's right—there is NO turning of the glass at all—it's all automatic! No reels, no threads, no magnets and can be performed short-sleeved! Easy to load and reload, made to last and we highly recommend this effect. If you like quick, beautiful and visual magic! Comes with detailed instructions.

UGM Silk Effects

Changeable Handkerchief

The performer shows two tied together silks—one white and one red. He runs his hand along the silks and they instantly change to two striped silks. These two silks are tied together to form a ring. Then the two-silk circle magically becomes three! It gets bigger and bigger—ending up as a huge 8-foot circle made up of 10 pieces of silk! Very clever. Visual and simple.

 **\$82.50**

Ring & Silk Routine

The performer displays a ring and a silk. A knot tied in the silk and it automatically unties itself. Then the ring magically penetrates the silk! Next the ring is placed in the middle of the silk and the magician holds only the top of the silk—suddenly the ring begins to crawl upward to the top of the silk! Next the magician takes the ring and it penetrates onto

the silk visually! Finally a knot instantly appears tied onto the silk! Comes complete with ring, 24-inch red silk, gimmick and instructional DVD.

Blasts From The Past

Modus Operandi

By Jon Racherbaumer

In 1993 Jon Racherbaumer started a quarterly magazine called **MO** which stood for **Modus Operandi**. It's where many trendy and groundbreaking routines and techniques were being shared. Some of these items have since been exposed while others remain hidden. You may have seen variations or even purchased some of these as single trick DVDs. The eight issues of **MO**, which spanned from 1993-1996, were very exclusive.

There are very few complete sets in existence and even single issues are almost impossible to find.

Contributors included: **Arturo de Ascanio, Jack Birnman, Christian Chelman, Doug Conn, Daryl, Peter Duffie, "State-Street" Eddie Fay, Lee Freed, Phil Goldstein, Dan Harlan, Brad Henderson, Chris Kenner, Simon Lovell, Edward Marlo, Jon Racherbaumer, Steve Reynolds, Daniel Rhod, Jean-Jacques Sanvert, Bob Sheets, Ken Simmons, Gerry Surma, Jean-Pierre Vallarino** and many others. Published by Spade & Archer in 2014. 242 pages written and compiled by Jon Racherbaumer with an introduction by Meir Yedid. 8.5x11-inches softcover with more than 180 photographs.
