When illuminated it will stay lit on stand setting for seven seconds.

Mystical & Mythical

Astrogem Oracle Cards & Manual

Astrogem Geomancy is the Oracle of Heaven and Earth. It is a method of divination which combines geomancy and astrology into a single Oracle. Gemstones are used to represent both geomes (the geomantic figures) and the astrological planets. The gemstones are 'cast' on to a chart and this allows you to give a geomantic reading combined with a kind of 'instant horoscope'.

Using a combination of the geomantic and astrological meanings, together with your intuitive sense you can

then give a 'reading' to describe and discuss a client's current situation, the factors which surround it and how matters might develop in the future. Your client can then use that information to think how stop feeling stuck where they are or how they might capitalise on the possible new avenues. It will always be up to them to decide what to do with the information. In other words, you decide how best to shape your fate. **See website for more details.**

Now you can get "both" the Cards and the Manual. The original Astrogem Oracle cards is a pack of 32 cards.

Bob Solari's Miser's Miracle

New Version!

A top seller at Stevens Magic—is finally available again—with a new look!

Performer holds a “stainless steel cup” in one hand and reaches into the air with the other hand and plucks a half dollar out of thin air! (You know the routine.) The half dollar is dropped into the cup and produces an audible “cling!” This action is repeated many times until the performer makes another upward motion with the cup only “this time.” A single JUMBO half dollar coin jumps out of the cup into the air and the previously produced half dollars have now changed into the JUMBO half.

Supplied with a stainless steel mini coin pail, a giant size half dollar coin 3-inches diameter and a normal half dollar incorporated into a special gimmick. The illustrated instruction sheet explains the routine and walks the performer through the two ‘moves’ involved in working the effect.

House Of Magic Winners!

Air Levitation

Please note each and every one of these is hand-assembled by Buma. This is not something that is produced in any quantity or imported. When watching the video demo—focus on when the non-levitating bill is passed completely under the levitating bill—in a side to side motion! That's what makes this very special!

What the audience sees: Two unprepared bills are borrowed from a spectator. One of the bills is laid on the magicians' palm. At the magician's command, the bill slowly and mysteriously rises above the performer's open outstretched hand. The second borrowed bill is now passed from left to right completely under the levitating bill, allowing for the second borrowed bill to be seen to completely pass under the levitating bill, from its far left side all the way to its right side with no visible support

of the levitating bill! The second borrowed bill may also be slid completely under the levitating bill, "front to back" with no visible support of the levitating bill! The two borrowed bills are now folded to show they have contained no secret appliance used to accomplish this eye popping illusion and returned to their owners. The performer's hands are seen to be completely empty!

One Of Buma's Best Seller Ever!  **\$49.50**

S-O-S

(Silent, Original, Suspension)

The performer borrows any bill and while holding the bill at tips of both hands asks a spectator to pick up a glass full of any liquid and to place it on one end of the bill. Viola...the performer lets go of one end and the glass of liquid is sitting suspended on top of the bill and no spilling occurs. Nothing collapses! Nothing falls to the ground! IMPOSSIBLE, but true.

The glass is removed and the bill is returned immediately to the spectator. Easy to master. No sleeve work! No threads, wires, magnets or mirrors! No sleights! Nothing to break! No parts to replace! Always ready to perform and fits in your pocket. All items are borrowed and may be repeated at once. Excellent impromptu magic. **Hundreds sold! P.S. You can do the effect with a cell phone as well!**

Completely Cards

Invisible Deck

Performer PRETENDS to take an invisible deck of cards, shuffles them and presenting them to the spectator! Spectator is then told to cut the deck, and select a card removing it from the deck. Performer then takes the invisible deck and turns it face up, asking the spectator to return his chosen card to the deck, face down and remember his card. Performer returns the invisible deck to its case and his pocket. He then asks the spectator to name his card. The performer then takes a visible deck from his pocket and removes the deck from its case. Next, he spreads he cards face up on the table, finding only “one” card in the deck that is “face down.” When he turns that card face up, the spectator is amazed to find that it is the card he selected!

More important; the named card will always appear FACE UP in the face down deck and it will have a DIFFERENT COLORED BACK from the deck you seen to be using!

Master Craftsmanship

Okito Hindoo Inkwell

The **Okito Hindoo Inkwell** consists of an ornate inkwell stand, capable of creating two simultaneous and connected effects.

Between the glass inkwells is a lid that when lifted opens a cubby, ostensibly used for small desk supplies, paperclips and such. Instead of these, a watch is borrowed from the audience and placed within this cubby and the lid replaced. In short order, the cubby is

again opened, however, the watch has now transformed into something else, such as a lemon or a bread roll. The borrowed watch can be found elsewhere—Performer's choice.

This is truly an inspired piece, built from high quality Baltic Birch, enameled with black, blue and gold, and adorned with oriental decal transfers, reminiscent of Okito's style of design. The cubby interior, as well as the inkwell holders are lined with velvet. The inkwells are fully usable, heavy, solid glass in a rich Cobalt blue, with silver metal tops. Size of the stand is 13-inches length x 6-inches wide x 8.5-inches high, including the glass inkwells. Each piece is hallmarked with a brass plate.

Magic Wagon's Ghost Board

The mechanism, however, has been carefully re-designed and handcrafted into the frame construction using centuries old techniques.

The performer explains that before the show, he has written a prediction on a small whiteboard and covered it with a brass plate as seen on the table. He then asks a spectator to name any object, for example any person's name, a number between 1 and 1,000 or any city in the world. The performer then writes the chosen word with the date of the performance on the back side of the whiteboard as a record for the audience. With absolutely no hesitation, the performer removes the brass plate in full view, showing that the prediction he previously wrote before the show started exactly matches the spectator's selection!

The frame measures 3.3 inches x 4.3 inches x .4 thick. Completely hand-crafted from genuine teak with a distressed antique finish so that the props look decades old. Each Ghost Board comes complete with a custom designed display stand.

The instructions are refreshingly detailed with all the information you would want as well as bonus valued-added tips and routines working with both slush powder and non-slush powder applications. Additional kudos as it provides

Comedy Mentalism— Magic At Its Best!

History—This is an idea by Billy McComb. Ken Brooke released a smaller version know as “Potty Prediction”. (See Potty Prediction in this Ken Brooke Catalog.) Ton Onosaka released his version of the effect called, Royal Revision.

The audience is in on all of the fun! You show the face of a 10 x 14-inch giant prediction card. (Unseen by your spectator), which is in a stand in full view, with its back to the audience. Next you

The spectator, who has not seen the faces of the 1-way force deck, is asked to choose any card? Now for the fun part! They name he **WRONG** card! Impossible, as their card does not match your prediction card? Has the spectator double crossed you?

The prediction is now turned around and it has now changed to the selection card! Everyone is confused. The audience has been “double crossed”, the laughs are guaranteed and built it. **ONLY** showmanship is needed as the effect is all self-working. **Comes complete with stand, forcing deck, jumbo changing card and professional routines, patter by George Schindler.** Large enough for stage and parlor.

Doing It With Salt?

Improved Salt Pour

Finally, one of the most perfect **Salt Pour Gimmicks** ever made and we feel that this one is one of the best and priced absolutely right!

You know the effect...Magician pours salt into his empty hand and then throws the salt up into the air and it has vanished! Viola! He supposedly catches the vanished salt in his other hand, closes the hand and begins to pour and pour and pour until the hand is now empty and the magician is clean. Where did the salt go? How did he catch it again? This is a pour that is long enough, but not boring and gives the performer the opportunity to use theatrics during the effect.

The gimmick is 100% brass, has a smaller diameter, taller neck for a longer pour and a wider, thicker stream, two coats of flesh-colored paint, acrylic finish. **Made in the USA.** This is an excellent stage or platform effect. A

professional prop for professional performers! **See website for demonstration of this fantastic effect.**

Squeaking Salt Shaker

The perfect little gimmick for the perfect misdirection! Bring it out—shake it and it squeaks, squeaks and squeaks and then the magic happens. The invisible dust does the magic for you. Use it for productions, vanishes, sleights and spectators will love it.

Nothing breaks the ice better than comedy, and in fact, comedy is just as an important ingredient for performing, as salt is for food.

How do we know this works? We put it to the test as we often do at Stevens Magic. We have sold previous models of this item in the past as well. This unit, like the one we featured before it is constructed of excellent quality made to last, even better it's very easy to carry.

The Bridge

Bilingual Edition English & Spanish

By Bill Montana

Stevens Magic Emporium is pleased to be the exclusive “distributor” other than Bill Montana himself, to offer this truly amazing book. **Please note:** This book is not for everyone—it is intended only for the serious performer. But when applied—the results are incredible.

From Mark Stevens...The Bridge (with Nick Belleas)—was an interesting find for me personally. It took a little work and practice but I became a believer

when I tried it on our mail man Jace Bowles! Granted it was my second attempt at performing this and when Jace bolted in the door the next day he shot straight to me to vividly retail not only the dream I told him he would have—but also his wife also experienced—with subtle differences.

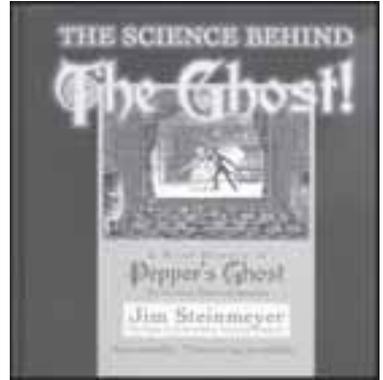

Updated Version—Featuring English and full and complete Spanish Translation in “one” book. **Check our website for more details and testimonials!**

The Birthday Deck Trick

The Birthday Deck is the ultimate trick for strolling or close-up magic when you would like to give away a special memento to a person having a birthday!

You ask the person having a birthday if they received the birthday card you sent them. When they say no you bring out a deck of bicycle cards casually showing them front and back asking them to choose their own "birthday card." You write a little birthday message on the card and place it in their hand. You remind them that they could have chosen ANY birthday card, again showing both front and backs of the rest of the deck, but they chose the card in their hand. They turn it over and now has a real birthday card printed on the back. For the finale they blow on the rest of the deck like they are blowing out candles and all the other cards turn blank.

"Paul, love your new birthday card trick! You've got a real winner there, it's PERFECT for that special occasion!" --John Kaplan,
