The Unholy Grail

By Larry Baukin

Check out our website for complete details and testimonials. Below is just a summary!

It is rare that the term “Game Changer” can be applied to any discipline... Something rare has happened—**The Unholy Grail**... The *Unholy Grail* will change the way serious readers, magicians and mentalists approach the art in the future. There is no other book, anywhere, that resembles the **Unholy Grail** approach. The Grail is completely new and original in its practical applications.”

This book contains two basic parts. The first and largest section will present the foundation or mechanics required to build a whole new approach to reading cards professionally. I recommend that you skim lightly through this area. Do not let yourself get bogged down in needless concern regarding memorization, etc. There will plenty of time to return to this initial section for study later on. Finally, I will be sharing with you in a section of the book I call ‘True Places Never Are,’ an extensive collection of my most favorite and real world stock cold reading one-liners and short paragraphs. Each one will be presented verbatim, followed by a brief explanation as to when and why the statement is utilized. They are as close to hitting the mark nearly a 100% of the time as any reader could hope for. The *Unholy Grail* is a tool that I use virtually every week in my cold reading practice. I read with this deck when performing short five to fifteen minute readings. I read with the deck when giving full-length half-hour and one hour private sessions as well. It is beyond flexible.

The **Unholy Grail** system has been Larry’s constant cold reading companion for a fair number of years now. It accounts for a substantial percentage of his income. **Larry can promise you that the amount of time and effort that you invest in learning and applying The Unholy Grail deck will be more than worth it. Your readings will improve beyond your expectations.** Johann Hofzinsler said that ‘cards are the poetry of magic.’ Then surely cold reading is the poetry of mentalism. Welcome to my humble poem.

Disclosures: For “serious” readers. If you are looking for the latest novelty that can be performed a few minutes after arrival—do not buy this book. If you are willing to take the investment of time and energy, you will have a system that will produce a cornucopia of benefit to you.

George Ledo Presents...

SME
Exclusive!

Four Door Production Cabinet

The **Four Door Production Cabinet** (AKA The Gibson Box), made exclusively for Stevens Magic Emporium by master craftsman George F. Ledo. George has manufactured some of the most in demand quality pieces of apparatus we have ever sold at Stevens Magic Emporium—and for good reason. He is very selective about the products he choose to make and makes them with the respect and quality they deserve. Little wonder why more and more collectors have “open” ended orders with Stevens Magic, regards to locking up the next series he produces —without even knowing what it is!

The **Four Door Production Cabinet** was first described by Walter B. Gibson in the December 1939 issue of *The Sphinx*, and later in the book “*My Best*” by J.G. Thomson Jr. (1945). According to collective research, it has only been produced for sale once before, in a limited edition by Norm Nielsen Magic in 2013. This current version has been created specially for Stevens Magic Emporium, keeping the same limited edition of previous projects created to a total of 12 pieces.

Presentation is very straight forward. The magician shows a small wooden cabinet on a revolving stand. The cabinet has a door on each side and a removable lid on top. The four doors are opened to show the cabinet is empty and then all the doors are closed. The lid is removed and a production follows. This can be repeated if desired.

Units come with exceptionally detailed and illustrated 5-page instructional that is exactly what you would expect for the quality piece. Each unit features a stamp that shows the number of the model.

Dimensions are 7 X 7 X 14.5-inches tall fully assembled with pedestal. Features an ample load chamber 5 X 3 .5 X 2.5-inches.

Too Good To Be True!

Joe Porper Presents...

Master Key Rings Plus

This is a 12-inch Diameter, 3-Ring Linking Ring Set that comes with a beautiful carrying case and a tremendous value of instructional and additional routines exclusively from Stevens Magic Emporium.

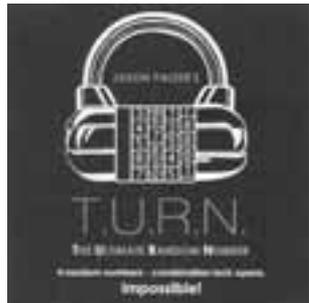

There are only a few people that can really make them and there is "no question" in our view that this set is truly unique among the very limited number of craftsman that can make them. This really is more than a set of linking rings, as it features a unique locking system that is truly remarkable hence the name "Master Key." This will be a set you will treasure. We asked Joe to provide us with a special set of rings that would stand up to the most discriminating customer and he rose to the challenge. **To make this even a better package, we included two Ken Brooke Booklets that feature routines on the rings, as well as the famous Al Koran 3-Ring Routine by Max Hapner (these extras are a \$45 value).**

T.U.R.N.

Ultimate Random Number

You display a 4-digit Master® adjustable combination lock that has 10,000 possible sequences, set the lock to a number that only you know and then mix up the dials. A spectator inputs as many combinations as they'd like—proving that the lock really is LOCKED, and that not just any 4 numbers will open it. The spectator chooses 4 random audience members, who each call out ANY number between 0 and 9. There are no forces or influencing of any sort, and during this time, the spectator has been holding the lock on stage while he/she dials in the 4 numbers that are announced. Then to everyone's complete astonishment, the spectator pulls on the shackle and the lock opens with a resounding "click", an amazing climax that will leave your audience stunned!

Absolutely no confederates or pre-show work. No magnets, no threads, no peeks, no electronics, no remote control, no buttons, no gravity switch, no timers. Reset is literally instantaneous, and can be done in full view of the audience. Completely mechanical and built to last a lifetime. Comes complete with specially custom-prepared lock, instructional DVD and tons of bonus routines.

Michael Baker Presents...

SME
Exclusive!

Oriental See-Through Block Box

Hand-crafted by Michael Baker.
This is an outstanding version of the classic Sucker Die Box effect. An oriental design block (which may be shown on all sides) is placed into an elaborately designed box. The magician claims to make the block

disappear, but the audience believes that he is merely hiding the block by allowing it to slide from one side to the other. In fact, they can hear the block as it moves inside the box. However, the magician proves that his claim is true when he opens all the doors and removes side panels to reveal an empty, skeleton frame of a box. The block is indeed, gone! The block may be reproduced from another location, such as a hat, bag or box.

The box and blocks are constructed from high-grade Baltic Birch. The end panels are made of metal to aid in the deceptiveness of the illusion. The box is painted black and gold, and adorned inside and out with custom designed and made water-slide decal transfers, with Okito-style images in full color. One of Michael's trade secrets, there are two kinds of decal papers used in the process, to get the look desired. Brass hardware and vintage-style door handles accent the box. The blocks (one gimmicked/one not) are yellow with black, and accented with red Chinese characters. **Size of the box is 10.25 x 5.75 x 5.75-inches. Size of the block is 3.25-inches.**

It takes about a month to bring one unit to completion. This does not include the time spent on redesigning the existing styles and drawing workshop plans and cutting lists. Much time has been spent on the base alone. Using techniques more common with grand illusion design, the base has been designed and built so as to appear much thinner than any other model on the market. This also adds an aesthetic element, typical of Michael's work. The box is raised on turned wood feet, these also being part of the deceptive design. This is arguably one of the finest Die Box effects ever produced, and one that you will not only be proud to use, but one that will take a prominent position in your collection display. **Only six units made.**

And The Mystery Continues

Paul Romhany's Dream Prediction Elite Version

You place an envelope containing a prediction in full view of your audience. A spectator can hold or place the prediction on a table. (The envelope containing the prediction has a clear window so the prediction can be seen in the envelope the ENTIRE TIME!) Next, you ask your spectators to name ANYTHING! And this means ANYTHING—Lottery numbers, Names,

Destinations, Dreams or anything that suits your presentation. Upon opening the envelope the spectator reads the prediction out loud and EVERYTHING matches 100%. The prediction is given to the spectator to keep as a reminder of the moment you predicted their deepest thoughts...

Comes with 10 envelopes—each envelope will last a very long time but this gives you more options regards adapting each presentation to suit your needs. The final prediction can be seen at the start of the routine—you can use anything from business cards, money, lottery tickets or paper inside the envelope—the final prediction is written on what is inside the envelope (it's an extra piece inside the envelope). Can be done under all close-up conditions. Easy to do the handling is very easy giving performer room for presentation. Instant reset—sets up within seconds—actually once you put envelope back in wallet it's reset. Includes everything you need right out of the box!

P. Craig Browning's Murder In Your Pocket

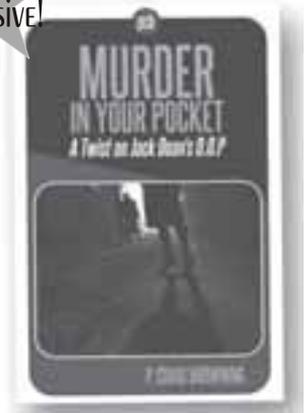

You bring up a committee of 3 and present 5 cards; one reading KILLER, one reads VICTIM and 3 revealing different modes of mayhem; a knife, gun or poison. Group decides who will take on the two primary roles leaving the 3rd member to hold the weapon of choice. All of these selections are placed into manila security envelopes with the remaining two weapons shared with other audience members as part of the routines finale.

Using only his fingertips the Mentalist touches each envelope and psychometrically identifies who the Victim is, what weapon was used and whodunit. As a follow-up he accurately identifies who in the audience is holding which weapon. No Markings or bumps used. Perfectly Free Choices. No Electronics. No Forces of Any Kind. No Secret or Instant Stooging. No Psychological Control.

Controlling The Outcome

Powell Magic's Chinese Rice Box

Introducing a very special type of Lippincott Box made entirely from Walnut with custom Maple and Mahogany wrap around inlay and Maple Burl inside the lid. Everything about this box, makes me want it! The size, shape, design and quality!

A borrowed ring is found buried deep inside the rice. The performer places a wine glass on the table and borrows a finger ring from any spectator. The ring is placed in the folds of a handkerchief and given to the spectator to hold over the mouth of the wine glass. He can actually feel the ring through the handkerchief. The performer presents a small locked wooden box and sets it in full view of the audience. The spectator is asked to drop the ring into the glass. The spectator lets go of the ring and it is apparently heard as it clinks into the glass. The performer immediately whisks away the handkerchief from the glass and it has vanished! The spectator is then handed a key, and opens the box himself. Rice overflows from the box as it is

opened, as he pours the rice out he discovers his ring inside! The beautifully hand-crafted walnut box (approximately 2.25-inches square) with inlay hides the secret even upon close inspection from magicians. The rice completely fills the box and overflows as it is opened. Burlap bag with hand painted "Good Luck" symbol is also included. Item is hand cast with polished pewter feet.

John Cornelius' Thought Transmitter Pro

The **Thought Transmitter Pro** is unique because it does virtually what no other "Peek" wallet in the world does. A spectator writes down a word, a card, or draws something on the back of his business card. The card is then placed between two opaque cards in an opaque wallet. There is no way to see inside of the wallet. In fact if you wanted to, you could put rubber bands around the wallet, and drop it in a clear zip lock bag to prevent manipulation. Wallet can be freely handled. Now at any time, without opening the wallet, the magician is able to divine in an instant, the written thought. With the new **Thought Transmitter Pro** you are able to carry credit cards, drivers license, money etc. inside the wallet, and you can replace any necessary items when required.

Buma's Clairvoyant Scarab

Based off a little known technique previously featured years ago in a Tenyo effect. If you ever wanted to fully maximize PK magic, this is how it's done. The result is what I called, RMC—Remote Magnetic Control. I call it control because

we have never seen anything so precise, and additionally we have never seen such a small PK gimmick that is this powerful.

YOU MUST ACCESS OUR WEBSITE for COMPLETE details and video demonstrations! Simply put we can't do this product justice in the catalog.

The performer introduces a clear pyramid on a black base accompanied by a matching case containing a clairvoyant Scarab. The pyramid covered base is placed on a table, the performer then covers the pyramid with a scarf/handkerchief, the Scarab is removed from the display case and the performer proceeds to speak to

the Scarab (He is heard instructing the Scarab to **FORETELL THE FUTURE!**), he then places the Scarab inside the covered pyramid, the performer now borrows four common items from spectators, such as a coin, ring, key etc., these items are placed around the four sides of the covered pyramid by the spectators, a spectator is now asked to freely call out any one of the borrowed items surrounding the pyramid, once the spectator calls out the name of that item, the performer uncovers the pyramid

and the Scarab is now seen to be facing exactly toward the spectators called out item. The Scarab in fact has foretold the future, this can be repeated as many times as the performer wishes and every time the foretelling by the Scarab will be correct (**with no force**).

Remember The Hand of Cleopatra? This is even better!

- No other BUMA effect works like this one!
- Anytime, anywhere introduce **Clairvoyant Scarab** to your audience.
- Cover it and watch the Scarab freely answers questions, points out people, places and objects.
- No thread, electronics or sleight of hand.
- No set up for performance.
- Instantly repeatable and easy to do.

New & Improved! Buma's Ju-Ju Man

Available Again for a short time!!

An original Shamanistic effect, demonstrating the power and reach of the spirit world and those that abide there.

Limited production of hand-crafted Sets.

Performer introduces two 6-inch Ju-Ju Men from a natural Jute bag. Both Ju-Ju

men feature aged red marking's on various parts of their anatomy, such as their head, arm, groin, hand, knee, ankle, and chest. A small draw string Shaman bag is now removed from the same Jute bag, it contains two small Skull Pins. The performer proceeds to tell how Ju-Ju Men have been traditionally crafted by Shaman from the mud and dried grass of ancient West African burial grounds. Such Ju Ju Men are renowned for their powers of projection, which will now be demonstrated. The performer now proceeds to hand a Ju-Ju Man and a Skull Pin to one of the spectators to hold, the performer takes his Ju-Ju Man and places it back into the Jute Bag so as to remove it from immediate view, the performer then takes the second Skull Pin and proceeds to place it into the Jute Bag and stick it into one of the X's on the Ju-Ju Man. There being no way any of the spectators can know which of the Ju-Ju Man's multiple X's has been selected and pierced with the Skull Pin by the performer.

Now it's the turn of the spectator to randomly stick their Skull Pin into any of the X's on their Ju-Ju Man (**no force is used**). The performer now removes his Ju-Ju Man from the Jute Bag. To the spectator's surprise! **The Skull Pin is seen pierced in the same location as the spectator's choice on their Ju-Ju Man.** The performer now takes the spectator's Ju-Ju Man and places it into the Jute Bag, it is then placed on any thing flat like a book, small tray, etc. allowing for it to be held aloft and at arms length with the fingers of all the spectators touching the side of the Ju-Ju Man's Jute Bag. Suddenly with a startle the Ju-Ju Man in the Jute Bag begins to eerily move ever so slightly, slowly, the Jute Bag with its Ju-Ju Man begins to rise upward until it appears to be erect, fully possessed when just as suddenly it falls backward, to lay lifeless once again until it's Ju-Ju is called upon.

Final Answer

Imagine a prediction board you can count on, allowing you to concentrate solely on the presentation and allowing the product to work the magic for you!

It goes like this...The audience is asked to develop a story with the details recorded on a single chalkboard, in colored chalk by the magician. Immediately after, the magician opens

5 Of Hearts Presents...

Bish Bash Bosh

Do you love “Smash and Stab” but are too scared to do it, or do you need family friendly effects for your repertoire? Then “BISH BASH BOSH” is for you...

The 4 wooden plinths are shown, one of which holds an egg inside the egg cup. Four upturned polystyrene cups are then used to cover the plinths. A spectator mixes up the cups and plinths while the magician’s back is turned, so that no one knows where the egg is. Then, by using the special numbered cards the spectator or magician, proceed to BISH, BASH and BOSH the cups with the mallet. Miraculously, a potentially messy outcome is avoided and the magician lifts the last cup to reveal the egg!

You are supplied with the following: 4 round wooden plinths, one of which is mounted with an egg cup. A wooden mallet. A “BISH BASH BOSH” sign and wooden plinth to display and hold the sign. 4 cards numbered 1-4. Supply of polystyrene cups to get you started (these are available from supermarkets, cash and carries and can also be sourced via the internet). ***Plus additional Routine Ideas from Wayne Dobson & John Palfreyman.**

Miracle Flash Frame

This is a large picture frame that is even designed to hang on a wall. The playing card or picture of your choice can be made to appear without touching the frame! For example... a spectator chooses a card and returns it to the deck. He is then asked to call out the name of his chosen card. At that very moment, you “spring” the cards at the frame—and there, behind the glass, is the chosen card! The action of the cards hitting the frame sets off the mechanism. It also works very effectively if you just “blow” at the frame.

This effect has many applications for magic presentations—mentalism, close-up, hotels, restaurants, residences, stage or cabaret. The possibilities are endless.

Please Note: Frame mouldings will change from time to time and are subject to availability. Our current moulding is black with gold trim, see photo. (Approximately 12.2-inches x 10.2-inches or 31 cm x 26 cm).

5 Of Hearts Presents...

Colin Rose's Billet Knife

One of the most astounding presentations in a magic performance is The Prediction...particularly if you have

made this long before your Show begins. Predict any event, choose the winner of the next derby, football match or national headline...the possibilities with this piece of magic artistry are limitless...it has proven to be a real 'reputation builder'. Use this to secretly 'load' a large billet, money note into a sealed envelope in a completely natural way, without any sleight-of-hand or fumbling.

Once again, Colin has taken a 'Classic of Magic' and applied his expertise and craftsmanship to give you a beautiful hard wood knife that looks perfectly normal...it has been made to look like a quite ordinary letter opener, made entirely of hard wood with all the finish and attention to detail you have come to expect from Five of Hearts Magic. The mechanism is discreet with a smooth and easy action, soft bevelled edges for comfortable handling—allowing you to focus completely on your performance in the knowledge that this 'prop' won't let you down. This edition is presented in our signature Corduroy Bag.

Wayne Dobson's Box Clever

The trick 'Second Spot' by the late Maurice Fogel was—and still is a superb effect! It was Patrick Page who suggested that this would work very well by using wooden boxes rather than the original bags. The beauty of this is that the method or effect has not been changed, but

aesthetically the trick has been elevated to a more sophisticated presentation. This effect is very simple in it's method, (the best tricks usually are!) Presented correctly this is one of the most powerful tricks ever invented!

Four beautifully 'hand turned' identical boxes which conceal the secret, allowing you to tell four members of your audience what they have just placed inside! Can be used very effectively in most performance venues. This great 'classic' comes with detailed presentation and routine notes by Wayne Dobson.

Note: Because these are not mass produced items and are hand made these items are available in "limited" quantities. The type of wood is subject to change bases on availability at the time of production and inventory on hand. First come first served.

It's a perfect routine for the restaurant worker. Everything fits in your pocket and there's a minimal sleight involved, which he simplified, as you will see on

the included DVD. The DVD shows three different situations performing at spectator's tables, and a thorough explanation of all you need to know.

You receive the Demitasse Cup, a spoon and two specially-prepared cream containers (nothing to go sour, as cream has been replaced with a solid component). There are two hidden gimmicks that help make it work with ease. Props come boxed and includes a red carrying bag, a DVD with three performances and full instructions, as well as a set of illustrated printed instructions (DVD's are great but I think having a quick printed reference as well is the best). In addition, a printed set of instructions is included with added ideas and suggested final loads.

Nutty Surprise

This Will Drive You Crazy!!

Pete Biro and Dean Dill have taken the long-forgotten Peripatetic Walnuts of **Dai Vernon** and turned it into a strong routine with three walnuts.

It can be done close-up. Several routines are included. The basic plot is simple. You show three walnuts, a glass (**not provided**) and the bag you carry them in. One-by-one each walnut vanishes and appears in the glass (**not provided**), covered by the bag.

Very little skill is needed, just a false transfer and your ability to entertain. The climax is production of a HUGE STEEL NUT. It comes from nowhere, not loaded from your pocket, no palming. It is so simple. **NUTTY SURPRISE** includes all the walnuts needed, the big steel nut, a custom-made burgundy suede bag, a printed book of instructions and routines, a DVD with routines and presentation ideas and a humorous "con man" script by Walt Anthony. **Use any glass that fits in the bag and a handkerchief of your choice. More details on our website!**

Comedy Linking Ring Saw

Magician is frustrated, trying to get two linked rings apart. In desperation, he brings out a saw... and saws or cuts through a ring, but he's no farther ahead because now he not only hasn't gotten the rings apart, but the saw is now linked to the rings! Finally, he gets the saw loose and continues on with his routine.

Comedy Magic at its best! A favorite of Pete's for many years. At least 30 years ago, a small hacksaw was marketed in England, but they are no longer made, and the persons involved, long ago left the game. Previous models sold for \$145, worth it to some but still high priced. I was able to put a couple prototypes together and showed them to some friends, and after doing so came up with a sizzling new method for this which I include. The product is easy to use, can be performed easily close-up and will work with just about **any size rings from the popular 5-inch Ninja size, up to about a 10-inch ring.** I have not tried it with larger rings, but would think it would work just as well.

In addition to the unique prop and written instructions, you will also receive a DVD showing some basic handling.

Tweezers

Available Again!

Ken's genius shines with his version of the three shell game with a creative idea on using copper caps and the Perfect Pea. (You know the hustle and how it goes.) But Ken's routine has a "killer" ending that smashes any and all who have seen the original three shell game with walnut shells!

Performer starts with two caps and then introduces extra caps through the routine, and always the spectator cannot find the darn pea! At the end, the last cap is so TINY that you have to use TWEEZERS to remove the pea! You end up with 10 CAPS as a finale! SPECIAL TIPS—By **Pete Biro** and **Dean Dill**.

Custom copper crafted caps, perfect peas, PLUS a working close-up mat and 24-pages of instructions PLUS a DVD of performance and explanations. Extra loading chamber. As EASY to do as the three shell game.

Clever Yet Practical

Flipp Flapp Box

Flip Flap Box (AKA **Flipp Flapp Box**). This is an item we at Stevens Magic are very familiar with and one of our personal favorites! This was for many years a best selling item for famed "**The Magic Hands**" in Germany. It is still made by the same master craftsman.

Flipp Flapp is a unique production apparatus that presents the performer with a truly unique opportunity to produce silks, sponge balls, spring flowers and even a bottle or two from what looks like an empty frame. The prop itself looks quite magical. It is a square frame that can be shown empty on all sides and the audience can even look right through it. Suddenly the frame transforms into a square tube and the production commences.

Flipp Flapp is made by a bookbinder from quality bookbinders linen and boards and with proper handling last a long time. **Flipp Flapp** is made in a variety of color combinations and we will deliver what is at hand. The most popular combination is red and yellow which allows for use in a kid show and adult programs. **Note: No production materials supplied.**

Future Mental

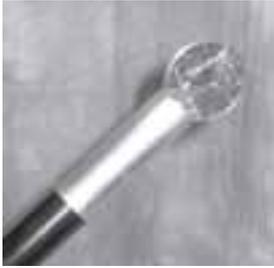

You'll love this beautifully crafted mentalism item! Three crocheted balls of different color sit atop the closed box. While your back is turned, the spectator selects one of the balls and shows it around for the others to see. He places it right back where he got it and tells you it is OK to turn back around.

Have the person open the lid of the box and place the balls inside in any order they wish. Close the lid. Explain that before you began the experiment in mentalism you placed a duplicate ball in your pocket. Hopefully it matches the person's free choice. Remove it from your pocket and hold it in your fist. He names the color. Open your hand and it matches. In fact, it is actually his ball! Have the spectator open the box. Their ball is missing! No duplicates are used.

Scryer's Vault

By Richard Webster

We are getting a lot of inquires about the title of this book. The reason it is called **Scryer's Vault** is a about 60% of the content from this book was written prior to Neal's ground breaking White and Black book. This content was never released and in effect was locked away "in the vault." About a year ago, Neal started adding additional content, that is more frequent. In the end you have a mix of Pre-White & Black as well as contemporary contributions—thus the title is very appropriate.

Foreword by **Richard Osterlind**—Afterword by **Banachek**. **Scryer's Vault**—is the latest in the series of the successful Scryer/Webster books featuring exceptional routines and fine touches that will empower you as a performer and a reader. The key to memorable

encounters is "fine touches" and powerful routines. This book continues in that tradition of providing you with just that and more!

Details from the book...Premonition Invisible Gifts, Svengali Automatic Writing, Imaginary Sea Shells, Rose Blessing and Reading, Email Q&A, Answering Question With A Rose, Scryer's Astrological Sign, PK Touch Pateo—**Plus more. Stay Tuned for MORE descriptions for the below additional routines—soon...**Two Color, Everyone But One Felt Nothing, Scryer's Key-R-rect Pateo, Hot Seat, Invisible Mystical Ring, Six Box Fortune, Business Card Spirit Writing, The Hypnotized Stooqe, Random Cell Phone Description, Dying To Come Up, Whole Audience Invisible Deck. Psychometry Outdone, Dressing Up The Stick Man, Crystal Magical Svengali, Favorite Food, Cell Pendulum Pateo.

"The collective works of Neal Scryer was undoubtedly one of my strongest inspirations and in fact a strong motivation for me to finally release my forthcoming book titled: Beyond Real Minds. I owe a debt of gratitude to Neal for re-energizing the passion in my work." — Oliver Ferguson

Worth The Wait!

Beyond Real Minds

By Oliver Ferguson

Beyond Real Minds contains some of the signature effects of a busy professional psychic entertainer. When Oliver approached us to distribute his book—we asked him to have faith in us—and allow us to “vet” his contributions by sharing them “in confidence” with several well respected and established mentalist and readers. While we have heard of Oliver before and in fact he is a longtime customer—we wanted to make sure his contributions were solid. When you have a customer that provides you with a product—it’s hard to be totally objective for many reasons. Fortunately, we are lucky to have great relationships with many working pro’s and we thank them for their reviews. These

effects have been pre-reviewed by some of the most recognized names in Mentalism and have passed the test.

Included—Hellstromism, Triple Book Test, Imaginary Picture, My Only Card Trick as well as several ideas for psychic readers, including The Greatest Opening Line a reader can use with clients, The Clinging Technique and a system for giving 2-minute numerology readings with nothing written down. And—EVEN MORE!!!!

“Well constructed and fine tuned applications of strong principals of readings. It’s obvious Oliver has been working on this book for a long time. The reader will find a lot of information, knowledge and power within these pages. While I have not heard of Oliver until now, I’m anxious to learn more about him. I know it’s not easy to be objective when you have a business relationship with him, prior to this book, and your smart to seek outside council – my vote is the material is valuable regards to the content and price. I’m curious to know what others that you sent the book too thought, as well as to get to know Oliver” –Darrell Mac.

Caveney's Done It This Time

Wonders & The Conference Illusions

2-Volume Set

By Mike Caveney

For the past five years Mike has been working on a set of books that document basically everything he has performed during his career. When he started he had no idea that the finished product would fill 700 pages over two volumes (and in full color!) As a long time collector of books and because this will be his legacy, he decided to make the finished product as nice as possible. And

now that they are finished he can honestly say that they are everything he had hoped for. He knew that he could write up the methods, theories, history and funny stories about each routine but he also knew that illustrating them would be a problem. He admits he is no artist. That's when his long time friend and Hollywood special effects man, Bill Taylor, came to the rescue.

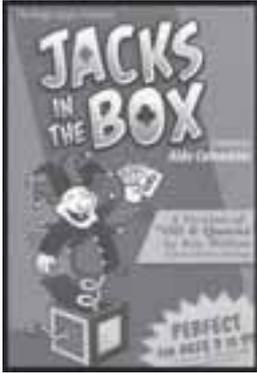

Volume I—Wonders (456 pages printed in full color on heavy art matte paper 570 photographs as well as 3-color foil stamping on the cover) and it contains all of the routines that Mike has performed going back to his days as a teenage magician, right up to his current act. More than just a How-To book, Mike has described the creative process behind each routine. A peek at the table of contents reveals the variety of material: The Long Beach Mystics, Giant Thimble Production, The Substitution Barrel, Trade Show Act, Linking Coat Hangers, Lubor Die, Lie Detector, Halloween Card Stab, Bill in Cigar, 3-Arm Juggling, Coffee Juggling, Magic Paper, Bow & Arrow and lots more!

Volume II—The Conference Illusions (256 pages printed in full color on heavy art matte paper 330 photographs as well as 2-color foil stamping on the cover) and it is a completely different type of book. During the past 22 years Mike has recreated a number of long-forgotten tricks and illusions and each one posed its own unique challenges. This book chronicles the research into the history of the illusion, the original routines, how we attempted to improve the mechanics of the apparatus, re-think the presentation and design a routine that was suitable for a modern audience. Here is a glimpse... Magic's Golden Age, 1993 Dante's Sawing a Lady in Half, 1999 Selbit's Bricks, 1999 Through the Eye of a Needle, 2001 The Million Dollar Mystery, 2011 The Orson Welles Act, 2013 The Spirit Cabinet and lots more!

Each book is 9.5 x 11-inches. Both books are housed in a matching slipcase with foil stamped side. Books and slipcase arrive in a custom printed cardboard shipping box. Sold only as a set.
